

2018 Blue Ridge Institute for Medical Research NIH Rankings

The Blue Ridge Institute for Medical Research has published its Ranking Tables of NIH Funding to U.S. Medical Schools in 2018.

The Department of Family & Preventive Medicine ranked 3 out of 43!

Congratulations to all of our department members who have helped us reach this prestigious ranking!

In addition to our department ranking, six of our faculty members appeared on the principal investigator list as top researchers with NIH funding. Congratulations!
